

# FOXHOLE

## FAN ART CONTEST

### The Theme:

*“The indomitable spirit of man in the midst of war is not simply measured by their skill on the battlefield but their unwavering humanity”*

*- First Command, Legatus Alekos Dimas*

You will compose your artwork across any medium of your choice to convey ‘The Human Spirit’ in the world of Foxhole.

### Judging Considerations:

- Surprise us with your medium. From 3D models, to videos, to short stories, to acappella groups, you decide how best to capture the theme.
- The stronger the theme relates to your art, the better.
- You may use foxhole assets such as from the sketchfab, but it will be far superior to make your own.
- Some ideas to get you started:
  - Flawed characters.
  - Personal conflicts.
  - A vignette.
- Some examples of things we are *not* interested in:
  - National pride.
  - Flawless heroism.
  - Depictions of glorious battle.
